

## PROGRAMME DESCRIPTION

We offer PhD program in varied research areas as far as medical physiology is concerned and the core areas include respiratory physiology, cardiovascular physiology, behavioral neuroscience and a few others as well. Our specialized and well-equipped laboratories make it convenient for students to pursue their independent research work and are offered guidance and support by our highly qualified and experienced academic staff. This program is thus intended for students, who wish to advance their studies in this relevant discipline of study.

## PROGRAMME AIM

- The primary aim of this program is to provide research training that cultivates independent research skills in students.
- Students gain a broader understanding of Medical Physiology and its core components.
- The program combines lectures, research, and thesis work, offering a comprehensive learning experience.
- This foundation equips students to effectively plan and pursue a career in the medical field.

## PROGRAMME DURATION

3-6 Years (Full-Time), 4-8 Years (Part-Time)

## CAREER OPPORTUNITIES

1· Research Project Manager, 2· Researcher 3· Teaching Assistant

## INTAKE AND ENTRY REQUIREMENTS

**INTAKE :** March, July, November

Master's Degree in Physiology, Medical Sciences, Ayurvedic Medical Sciences, Biological Sciences or equivalent related areas

### English Language Proficiency Requirements (for International Students)

1. A minimum score of 550 (paper-based) or 80 (Internet-based) in the Test of English as a Foreign Language (TOEFL); OR
2. A minimum overall band score of 6.0 in the International English Language Testing System (IELTS); OR
3. An equivalent qualification recognized by the University Senate.

## LIST OF COURSE/MODULE OFFERED IN THE PROGRAMME

Sl.No.	MQA Subject Code	Subject Name
1	PDMP 101	Research Methodology
2	PDMP 102	Computer Application
3	PDMP 103	Research work on Medical Sciences
